

“What is Help Me Grow?”

- Help Me Grow (HMG) offers two voluntary programs to prenatal women, children, and families:
 - **HMG Early intervention** provides family-centered services for infants and toddlers to age 3 with a developmental delay, disability, or a medical condition likely to result in a delay or disability.
 - **HMG Home Visiting** provides first time expectant or new parents the information and support they need to be prepared for the birth of their child and provides ongoing education and support for families to maximize their child’s health and development to age 3.
- Both programs are available in all 88 Ohio counties. When you contact Ohio Help Me Grow in your community, someone will help you find the best program for you and your family.
- Anyone can refer a child or family to Help Me Grow!

HMG Early Intervention

Do you have a concern about your child’s development?

- HMG Early Intervention service needs are determined by a multidisciplinary team who evaluates and/or assesses the child’s developmental needs.
- The team is led by a Service Coordinator who will work to assist and enable a child with a delay or disability and the child’s family to receive services and rights as afforded under the Individuals with Disabilities Education Act.
- Children and their families will transition when they complete needed services or when the child turns age three, with supports to move on to the next phase of growth & development.

HMG Home Visiting

- Home Visiting matches parents with a trained Home Visitor who comes to wherever the family lives. Their Home Visitor is a friendly, trained, and experienced person who can answer questions about pregnancy or being a parent and can help find services that help families care for themselves and their children.
- The HMG Home Visiting Program works with and supports families and helps them set and reach their goals.
- In home services include: parenting education, ongoing screenings, coordination and referrals for community resources, transition at age 3.

Who Can Refer to Help Me Grow? You Can!

Referrals for HMG Early Intervention and HMG Home Visiting come from expectant parents, parents, family members, neighbors and these other referral sources...

Hospitals, Pre and Post Natal Clinics, Physicians, Child care programs and early learning programs, Local Education Agencies and schools, Public health facilities, Other public health or social service agencies, Clinics and Health care providers, Public agencies and staff in the child welfare system including, Child protective service and foster care, Homeless family shelters, Domestic violence shelters and agencies, and many more!

Primary referral sources must refer children who have been the victim of substantiated abuse or neglect or a child who has been directly affected by illegal substance abuse and/or withdrawal symptoms resulting from prenatal drug exposure.

What Information Will I Need to Make a Referral?

- Child's name and age
- Parent or Legal Guardian's first and last name, address, e-mail, or phone
- Child's county of residence

How do I Make a Referral to Help Me Grow?

Call your local HMG Central Coordination Site

Place local address/contact label here

By Phone: Call Toll Free 800-755-GROW(4769)

Online: Visit www.helpmegrow.ohio.gov and click on the "Referral" tab. Persons with communication difficulties can call Ohio Relay Service-TTY-800-750-0750

What Happens Next?

The parent will be contacted to ask about their interest in the voluntary programs. Nothing will occur without the family providing consent for participation. With parent consent, HMG will provide any professional referral source a follow up communication.
