

HOW TO MAKE A REFERRAL

FACTS

- Coordinated Care Services help reduce the need for referrals to Warren County Clinical Committee and also reduces the need for high cost residential placements.
- Coordinated Care assists in the development of an individualized team that is focused on helping meet the needs of the child/young adult within the community.
- Diversion has been successful in steering youth away from contact with the Juvenile Justice System since 2002.

Coordinated Care accepts referrals from parents or guardians, schools, social service agencies and Juvenile Court.

To refer a child/young adult to the Coordinated Care Program, please contact us at any of the following:

Referral form found at
www.warrencountyesc.com
under "Student Programs",
"Coordinated Care Department"

MISSION

Dedicated to providing prevention, support, and intervention to Warren County youth and their families struggling with emotional and behavioral needs so that they may remain in their own home.

CLINICAL COMMITTEE

The Clinical Committee is a committee of the Warren County Family and Children First Council composed of representatives from:

- Warren County Board of Developmental Disabilities
- Warren County Juvenile Court
- Warren County Children Services
- Mental Health & Recovery Services of Warren & Clinton Counties

The Clinical Committee provides:

- A broad array of services & support
- Individualized Plans
- Least restrictive setting
- Services are coordinated at both the system & service levels
- Plans that are family driven/youth guided
- Emphasizes early identification & early intervention

PARENT SUCCESS

Parent Success is an innovative program that provides support/education to parents/guardians of school aged youth with behavioral issues. A Prevention Specialist provides at least six home visits to identify concerns unique to the family unit and offers support, education and solutions. The Parent Success Program utilizes an evidenced-based curriculum.

COORDINATED CARE TEAM

The Coordinated Care Team provides wraparound, intervention and prevention services to high risk and multi-need children and their families. The goals of the Coordinated Care Program are to:

- Create a prevention component to support children and their families early in the process
- Monitor and support multi-need children and young adults in placement to shorten stays
- Help multi-need youth and young adults avoid out-of-home placement
- Provide aftercare and support for those released from placement

Coordinated Care works with direct service providers to develop an Individualized Plan of Care to help meet the needs of the child or young adult within the community.

DRUG & ALCOHOL EDUCATION & PREVENTION

Coordinated Care offers Drug & Alcohol Prevention & Education Services to Warren County Schools at NO COST to the district. Services include (but are not limited to):

- Red Ribbon Week Presentations/Displays
- Tobacco and Substance Abuse Education groups
- Provide aftercare and support for those released from placement
- Speaking at community events or Health and other classes
- Prom/Homecoming presentations.

DIVERSION PROGRAM

The goal of the Diversion Program is to prevent and reduce unruly behavior. Diversion provides home and school-based case management and therapeutic services to unruly children and their families.
