** Elective credits may be earned in any course area. Any credit earned above and beyond the minimum graduation requirement in any core area will count as an elective credit. Students will be encouraged to take 4 years of Math, Science, and Social Studies.*

*** Must include Algebra II*

Any student entering a Butler Tech program must meet all Madison High School graduation requirements with the exception of the Senior Exit Project and Money Management. If the student does not complete the technical program, they must meet the regular high school requirements.

All students graduating after 2018 must meet one of the following three: 1. Earn a cumulative passing score on 7 end-of-course exams. The scores will be set by the State Board of Education. 2. Earn a “remediation-free” score on a nationally recognized college admission exam such as ACT or SAT. The State of Ohio will pay for all 11th grade students to take the exam free of charge. 3. Earn a State Board of Education-approved, industry-recognized credential or a state-issued license for practice in a career and achieve a score that demonstrates workforce readiness and employability on a job skills assessment.
