## Welcome

Warren County Educational Service Center provides high quality and low-cost programs and services to our client school districts. Most of our programs resulted from suggestions and ideas that came from our customers. We provide great flexibility for districts to solve unique challenges whether they need a part-time employee, a program for a student with exceptional learning needs, or simply a way to reduce costs.

Recognizing that each district is unique and diverse, our programs and services are designed to enhance the sharing of resources and working together cooperatively. Our ultimate goal is for all students to have positive learning opportunities that we strive to achieve through teamwork, effective leadership, and mutual support.

# Mission Statement

## Mission Statement

At Warren County Educational Service Center, we believe in being a resource to our community partnerships through a holistic life span approach by:

- Collaborating with school districts and communities to develop customized programming for at-risk individuals and families.
- Delivering high-quality services in a cost-effective manner.
- Establishing a supportive environment that promotes growth opportunities, encourages leadership, and embraces diversity and inclusion.
- Providing safe learning environments for the communities we serve.
- Enhancing the quality of life for a diverse population of learners with opportunities for growth and transformation.

## Fiscal Services

### Fiscal Services

The Warren County Educational Service Center Fiscal Office is responsible for all financial operations of WCESC, as well as the Southwest Ohio Council of Governments, (SWOCOG) Greater Ohio Virtual School (GOVS), Family and Children First Council (FCFC) and Help Me Grow (HMG).

Those responsibilities include payroll and benefits administration, accounts payable, accounts receivable, financial reporting and Federal and State grants.

The fiscal team of WCESC is equipped to support entities with payroll employment office support, grants management, five-year forecasting, levy planning and capital planning projects. Customized financial services may be contracted with WCESC. For more information you may contact the following:

## District Services

**Mental Health Services** serves youth who are vulnerable to school failure due to personal, family, social-emotional, academic and environmental challenges by addressing non-academic issues that interfere with school success.

Participants in the School-Based Mental Health Program are identified and referred for a variety of reasons, including emotional distress, difficulty managing academic expectations, family difficulties/separations, attention deficit/hyperactivity, depression, anxiety, trauma and loss.

Overview of Services include diagnostic assessment, individual, family and group therapy, community support, consultation, and education.

Referrals are made through the administration and school counseling offices of the child or adolescent's home school district, or directly by families, students, or other community based providers.

## District Services

**Early Intervention and Help Me Grow** provide two programs to the Warren County community. The Early Intervention Program aims to identify and serve children under the age of three with developmental delays and disabilities. Parents with concerns regarding their child's development can have their infant or toddler evaluated by an interdisciplinary team at absolutely no cost to the family.

The Home Visiting Program provides expectant or new parents with the information, support and encouragement they need through a voluntary, high-quality home visiting service. Home visiting aims to educate at-risk parents with the resources to understand and capitalize on the optimal early years of a child's life. By supporting the positive interaction with children in stable and stimulating environments, the Home Visiting Program seeks to create a sturdy foundation for future achievement.

[www.warrencountyesc.com](http://www.warrencountyesc.com).

## Student Programs

**Work Force Development Coordinators** provide a variety of supports to help students meet their post-secondary goals. These services may include long-term career planning, job development and placement, career counseling, travel training, job shadowing, paid and unpaid internships and when needed, support from appropriate agencies to assist in the transition to adult services. Students may receive elective credits for maintaining employment in the community as well as credit toward Graduation Seals.

**Transition Living Classrooms (TLC)** serve students with developmental disabilities who have met the requirements for high school graduation, but the IEP team has determined they would benefit from additional education as they transition to adult services. The program is community-based allowing the interns to develop and practice employability skills at supported work sites, as well as developing and practicing independent living skills. TLC is located at the WCESC Western Row Campus in Mason.

**Skill development supported through transition programming include:**

- Independent Living
- Maintaining an Apartment
- Meal Preparation
- Money Management
- Time Management
- Wellness
- Vocational
- Access to Job Application, Training and Work Experience
- Self-Management/Self-Determination
- Job Retention Skills
- Technology Skills

HOW CAN I HELP?

## Student Programs

### COORDINATED CARE

**Coordinated Care Program** provides wraparound, intervention and prevention services to high-risk and multi-need children and their families. Coordinated Care is dedicated to providing prevention, support and intervention to Warren County youth and their families struggling with emotional and behavioral needs so they may remain in their home.

### Resource Coordinators

Children's personal and family difficulties affect how they are doing socially and academically at school. To help at these difficult times, the school's Resource Coordinator can assist students in becoming more successful in school and help parents learn more about resources that may help their child and family. The goal of the Resource Coordinator Program is to eliminate any non-academic barriers to the academic process.

### Resource Coordinators' services include:

- Visiting with the family at home
- Meeting with a student at school
- Accompanying a family in obtaining a needed resource when helpful
- Advocating for student/family needs
- Researching what services may be available to assist a family and child

## Student Programs

**School Age Multiple-Disabilities Classrooms** provide services to students from kindergarten through transition age. Each class has a teacher and at least two educational assistants to serve the students in accordance to their Individualized Educational Plan (IEP). Students may also receive nursing services, speech-language therapy, physical therapy, occupational therapy and other related services based upon their individual needs. Classrooms are located at WCESC Western Row Campus.

## Student Programs

**WCESC Wellness Center** is a school-based day treatment program and is the most intensive non-residential program that can be provided over an extended period of time. School-based day treatment permits access to mental health services in conjunction with and integrated with the child's social emotional and educational programming.

School based day treatment programming brings together at one location, and in a coordinated manner, a broad range of services designed to strengthen individual functioning and prevent individuals from requiring more restrictive services such as home instruction or residential placement.

**The program operates two campuses:**

Deerfield Campus, Grades 4-12 located at 4936 Old Irwin Simpson, Mason, Ohio

Phoenix Campus, Grades K-4 located at 196 Northcrest Drive, Mason, Ohio

## Student Programs

**Warren County Learning Center** collaborates with school districts to meet the needs of students who have previously lacked successful experiences in the typical school setting due to having severe emotional disabilities and/or intense mental health needs.

The Learning Center is staffed with professionals that deliver quality services to our students and families which emphasize mental health, speech-language pathology, emotional regulation, behavior coaching, physical therapy, occupational therapy, nursing and mindfulness. The focus for our students is to teach them the life and social skills needed to be happy and contributing members of society. Our goal is to help students to build these skills and then focus on transitioning back to their home school setting.

## Greater Ohio Virtual School

### Greater Ohio Virtual School

**Who we are...** GOVS is a fully-accredited community school, organized under the laws of Ohio. GOVS performs the same duties and functions of any other public school.

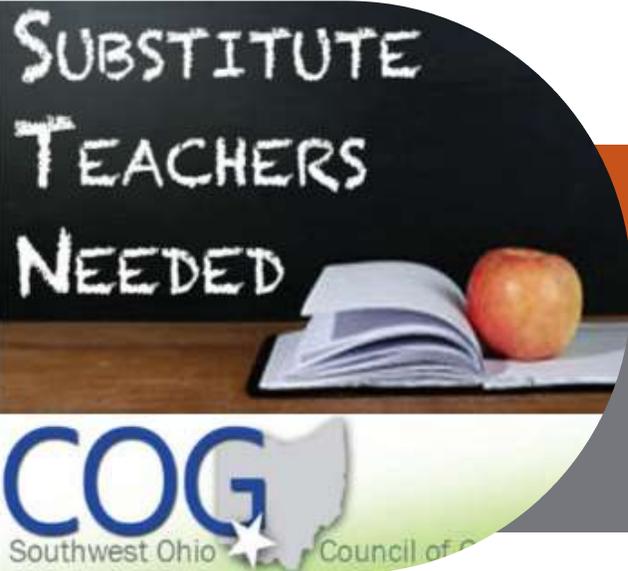

Our administrative offices are housed in the same facility as the Warren County Educational Service Center in Lebanon with our Student Center at WCESC's St. Mary Campus in Franklin.

We are a comprehensive educational program for students in grades 7-12 who reside in the state of Ohio. Our mission is to provide students with a highly personal and continuous connection to learning, by utilizing an internet-based curriculum. Every student will develop the skills of communication, the ability to engage in critical thinking, and acquire building blocks of education necessary for a successful future. Students are provided a computer to do the coursework and can earn a GOVS high school diploma.

## Personnel Services

**Southwest Ohio Council of Governments (COG)** is a partnership of WCESC, Warren County Commissioners and Butler County ESC that serves as a temporary employment agency for school districts and local governments. The largest portion of this work is the employment of substitute teachers. WCESC provides all human resources and payroll services to relieve school district costs. WCESC approves online licensure applications through the state for SWO-COG substitutes. We also employ teacher assistants or paraprofessionals to work with exceptional learners and partner with local governments to help with their temporary employees who are involved in unique assignments and/or duties.

**Personnel Services** WCESC provides executive searches to Warren County school districts at no charge and we have extensive experience and success in the employment of superintendents and school district treasurers. We also work with school districts to find highly-qualified specialists such as school psychologists, school nurses, occupational and physical therapists, speech-language pathologists, and educational interpreters.

**Background Checks** Both state and federal background checks can be completed via Webcheck at WCESC for school district personnel as needed. Please refer to our website to make an appointment and for payment instructions. [www.warrencountyesc.com](http://www.warrencountyesc.com)

## Personnel Services

### **Resident Educator Program**

Upon request, WCESC supports districts and their teachers with the resident licensure process as required by the Ohio Department of Education. The Ohio RE Program is based on the understanding that student achievement improves as beginning teachers improve their instructional practices. The program provides teachers with a standards-based professional growth model designed to support resident educators and mentors as participants in learning communities.

## Partnerships

### Our Partners Assist Us in Accomplishing Our Vision...

The elected members of the Governing Board and the Leadership Team of Warren County Educational Service Center believe that education is a cooperative process that involves administrators, teachers, students, parents and the community in promoting excellent educational programs through a constant cycle of diagnosis of need, implementation and evaluation. Through cooperation, collaboration, and partnerships, we are able to provide high quality programs for students.

We recognize that each school district is unique and diverse, and our programs and services are designed to enhance the sharing of resources and working together cooperatively. Our ultimate goal is for all students to have positive learning opportunities which we strive to achieve through teamwork, effective leadership and mutual support. **This collage represents only a handful of our valued partners.**

## High Performing ESC

### **Warren County Educational Service Center continues to be designated as a *HIGH PERFORMANCE ESC* by the Ohio Department Of Education & Workforce**

Warren County Educational Service Center achieved the designation of High Performing ESC from the Ohio Department of Education and Workforce (ODEW) in fiscal year 2024 for the ninth year in a row. Warren County ESC continues to save client school districts in excess of \$6.5 million ranking among the top five of 51 Educational Service Centers in Ohio for fiscal year 2025. These savings represent a 22.56% reduction for school districts compared to purchasing the services from another provider. This far exceeds the 5% benchmark of ODEW.

Warren County ESC serves 91 school districts across 9 counties in Southwest Ohio. Student programs are provided in 6 WCESC owned facilities in Warren County and special education and related services on a contract basis to school districts.

Warren County ESC provides high quality and low-cost programs and services to our client school districts. Many of our programs resulted from suggestions and ideas that came from our customers. We provide great flexibility for districts to solve unique challenges whether they need a part-time employee, a program for a student with exceptional learning needs, or simply a way to reduce costs.

Recognizing that each district is unique and diverse, our programs and services are designed

to enhance the sharing of resources and

working together cooperatively. Our

ultimate goal is for all students to have positive learning opportunities that we strive to achieve through teamwork, effective leadership, and mutual support.

2025 Overall Winner  
Waynesville High School

### Franklin B. Walter Scholarship Program

Each Spring, Warren County ESC host the Warren County Franklin B. Walter Scholarship Awards Program and Banquet which precedes the Ohio Educational Service Centers Association (OESCA) state awards program. The program is designed to recognize top academically achieving students from Warren County area school districts. The banquet is attended by scholarship recipients, their families, student chosen mentors, district educators and administrators, elected officials and other partners from Warren County.

School districts from around Warren County participate by selecting a top academic student from their district based on student eligibility criteria determined by OESCA. Recipients receive a \$500.00 scholarship, recognition plaque, and a proclamation from our area Senators and/or Representatives. The overall winner receives an additional \$500.00 scholarship.

The overall county winner selected is invited to attend the OESCA statewide awards program named after Dr. Franklin B. Walter and sponsored by the Ohio Educational Service Center Association in Worthington, Ohio.

### A NOTE FROM WCESC SUPERINTENDENT TOM ISAACS:

We at WCESC would like to honor our Warren County Recipients by including them in this publication and say thank you to our school districts for the remarkable job they do in educating and nurturing Warren County students.

The story behind the namesake...

### Dr. Franklin B. Walter

The award bears the name of Dr. Franklin B. Walter, who served as State Superintendent from 1977-1991. During his tenure, Dr. Walter worked with three governors, significantly improved public education in the state, and brought Ohio's schools to the fore-front of the nation's attention. He received numerous honors and has earned the respect and admiration of educators nationwide. His integrity, leadership, optimism and commitment serve as an example for all. Dr. Walter passed away on September 15, 2010 at the age of 80. He left behind a storied legacy that includes this award.

**Pictured above and on the following page, are the 2025 top academic students selected for this award from ten participating Warren County school districts.**
